

Northwest USA

One of our longest itineraries, taking you through Washington State, Idaho and Oregon. Pick up in our Seattle/Everett location, or in Portland, Oregon. There are a lot of miles here; you will want to stay more than the one night in several locations, it's spectacular and you will want to linger...

MOTORHOME ITINERARY

Day 1 > Collect your Motorhome and head north on Interstate 5 to Mount Vernon, just over forty miles with most on the Interstate to your campground. 📍 40 miles to Mount Vernon RV Park
★ George Washington, Commander-in-Chief of American forces in the Revolutionary War and the first President of the United States, called Mount Vernon home for more than 40 years. Visit George Washington's Mount Vernon Estate, Museum and Gardens which is now the most popular historic estate in America.

🌐 www.hikercentral.com/campgrounds/112901.html

Day 2 > Though only sixty-five miles, your journey will take a while as it will be through some very scenic locations as you head toward the North Cascades National Park. You will be following the Skagit River as you pass through small towns such as Lyman, Hamilton and Concrete – the latter being worth a stop as it really was 'cement city'! Though many of the original wooden buildings of the early 1900's were destroyed by fire, three still remain. Continue through Rockport and Marblemount and enter the North Cascades National Park. On your left you will see Damnation Peak, Mount Despair, Mount Terror and thankfully, Mount Triumph! To your right, Pyramid Peak and Colonial Peak. Overnight in the National Park. 📍 65 miles to North Cascades National Park, Newhalem Campground ★ Visit Diablo Lake and Ross Dam
🌐 www.recreation.gov/camping/NewhalemCampground_Wa/r/campgroundDetails.do?contractCode=NRSO&parkId=74067

Day 3 > Continue through North Cascades NP, dropping down through the Okanogan National Forest to Electric City. The attraction here is the Grand Coulee Dam. This is the largest electricity production facility in the USA – fifth in the world – and is the largest concrete structure too. There is enough concrete in the Grand Coulee Dam to build a 60 foot wide road, four inches thick, from Los Angeles to New York City! That would be a four lane highway, 3,000 miles long. 📍 175 miles to the Coulee Playland Resort, close to Electric City ★ Visit the Grand Coulee Visitors Centre. On summer evenings, a laser light show, including full-size images of battleships and the Statue of Liberty, is projected onto the dam's wall 🌐 www.couleeplayland.com

Day 4 > As you head for fabulous Coeur D'Alene in Idaho, after about 90 miles your drive takes you through Spokane, Washington. We're sure you'll want to stop so please look at their website to see what you might want to do there – wineries being a 'big thing'. You have plenty of time to linger as there is only another thirty miles before reaching tonight's campground. Blackwell Island RV Park is located right on the water. Sit on the beach or take a dip in the lake. Coeur d'Alene offers a wide range of indoor and outdoor activities. Within Kootenai County there are 87 parks and campgrounds, 47 hiking trails, fishing, swimming, hiking, world class golf, horseback riding, tennis, amusement parks, and, of course, spectacular scenery at every turn. You may want to stay longer than just one night! 📍 120 miles to Coeur D'Alene ★ Visit Riverfront Park in central Spokane and the Cataldo Mission outside Coeur d'Alene
🌐 www.idahorvpark.com

Day 5 > Only about four hours drive if you stayed on the Interstate but you'd miss so much if you did. After completing your crossing of that sliver of Idaho, your route takes you into Montana: Big Sky country. Your campground is located in the great outdoors of Southwest Montana, nestled in the Rocky Mountains near the historic cities of Anaconda and Butte and surrounded by Forest Service and wilderness experiences. Butte was known as the 'Richest Hill on Earth' for first gold, then silver, copper, lead and zinc have all been mined here. The historic district is well worth a visit. 📍 275 miles to Butte ★ Visit Missoula for Fort Missoula, the University of Montana and the Elk Foundation 🌐 www.fairmontvresort.com

Day 6 > South-east towards Yellowstone National Park. You should leave the Interstate at Belgrade and head south on the scenic Route 191, through the Gallatin National Forest and past the Big Sky Resort. You'll enter through the West Entrance and, if you've got time, Yellowstone is definitely the place to spend that extra day, or even longer. Most of the major and iconic sites are on a loop. It's under a hundred miles round but, traffic jams around here are caused not by visitors but whenever the local wildlife decide to walk, sit or lie close to or even on the road. You'll not move a buffalo and, if you're lucky enough to find it's a bear or a moose up ahead, you'll want to stop just as everyone else will. Coming in from the West and heading out to the South means that, whichever way round you choose, there will be a section you drive twice. In this case it's the road by Fountain Paintpot and Old Faithful so it's no hardship. There are several campsites on the loop as well as near the entrances. The website has all the information.

📍 180 miles to Yellowstone National Park ★ Visit Mammoth Hot Springs; Grand Canyon of Yellowstone; Inspiration and Artist Points: all within Yellowstone National Park

🌐 www.nps.gov/yell/planyourvisit/camping-in-yellowstone.htm

Day 7 > As you leave Yellowstone by the South Entrance you'll enter Grand Teton National Park. It's because they're so 'young' that those magnificent mountains rise directly from the Jackson Lake valley without foothills. It's easy to see how they got their name from French speaking trappers. Stay on Route 89 and by the Idaho border, bear west bound

Cataldo Mission outside Coeur d'Alene

Wild Donkeys!

for Idaho Falls. 📍 215 miles to Idaho Falls ★ Visit the top year round resort of Jackson. It's home to celebrities and visiting 'beautiful people' 🌐 www.snakeriverrvpark.net

Day 8 > A great deal has changed for the first Americans over centuries, but a great deal has remained the same. The Shoshone and Bannock tribes were granted 1.8 million acres in Eastern Idaho under the Fort Bridger Treaty of 1868. Survey errors, treaties, and promises both kept and broken moved the boundaries of the tribal lands to as little as 418 thousand acres and back to their present area of almost 544 thousand acres.

As you drive south on Hwy 15 today, you will pass through the Fort Hall Indian Reservations. A 'must see' is a collection of Native American art and artefacts at an unusual shop called The Clothes Horse. Over generations the Shoshone Bannock tribes have developed a particular style and quality which is considered world class, some of their pieces are even on display at the Smithsonian in Washington D.C..

Turn off on Hwy 86 towards American Falls. During high water flows you'll see a torrent of water spilling over the falls that originally gave the city its name. Situated on the Snake River, just off Interstate 86, exit 28, Massacre Rocks State Park is open year round and covers approximately 1,000 acres. Rich in history, as wheel ruts from wagons on the Oregon Trail still show, pioneers used this area as a rest stop for years. Many emigrant names are inscribed on Register Rock which is now protected by a weather shelter. The State Park campsite is home for tonight. 📍 55 miles to Massacre Rocks State Park at American Falls ★ Visit The Lavas, caves and rock flows just outside Idaho Falls 🌐 www.parksandrecreation.idaho.gov/parks/massacrerocks.aspx
